

THE WELL-KNOWN FASHION TRADE FAIR
OF SOUTHEAST EUROPE

ATHENS FASHION TRADE SHOW

25-28 SEPTEMBER 2025

EXHIBITORS MANUAL

ORGANISED BY

The **Exhibitor Manual** answers all the basic questions that may arise in view of your participation in the **Athens Fashion Trade Show** exhibition.

The Manual contains useful information about the construction of your stand, the services offered, and other partners, who are at your disposal for any additional services you may need.

Please make sure to send the required documents and orders timely and within the designated time limit, to avoid any delays.

We would also like to note that it is necessary that you share with your partners/crews the information contained in the Manual regarding the construction of your stand or other services.

We remain at your disposal for any other information or clarification you may need.

We thank you and we will be happy to welcome you to the exhibition.

1. The Exhibition

Athens Fashion Trade Show exhibition will be held from **25th to 28th September 2025**, at the premises of the Metropolitan Expo Exhibition Centre in **Hall 1**. In Hall 2 the Giftshow exhibition will take place together with the Children and Toys exhibition and Hall 3 will host Mostra Rota.

Exhibition opening hours: 10:00-20:00

2. The Exhibition Centre

The Metropolitan Expo centre is the largest and, at the same time, the most modern exhibition, conference and event centre in Greece.

3. Access

The exhibition centre can be quite easily [accessed](#) by car and by all other means of public transport (Metro, suburban railway, city buses).

3.1 Exhibitors and Visitors Free Transport by Coach

To facilitate your access to the exhibition centre, the Organizer provides a service of free transport by coach from the Airport and Doukissis Plakentias Metro/Suburban Railway to the exhibition centre and from the exhibition centre to the Metro/Suburban Railway, in accordance with the following schedule:

| Date | Time | From Doukisis Plakentias | From Airport | From Metropolitan Expo |
|--|-------------|--|---|------------------------------|
| Preperation | | | | |
| Wednesday 24/9/2025 | 08:00-20:00 | X | Exit 2 opposite central building of Airport- Arrivals | Lobby 1 |
| Operation | | | | |
| Thursday 25/9/2025 Friday 26/9/2025 Saturday 27/9/2025 Sunday 28/9/2025 | 09:00-20:30 | Exit to the Parking Buses & Taxi | Exit 2 opposite central building of Airport- Arrivals | Lobby 1 |
| Sunday 28/9/2025 | 20:30-24:00 | X | | |
| Dismantling | | | | |
| Monday 29/9/2025 | 08:00-18:00 | X | Exit 2 opposite central building of Airport- Arrivals | Lobby 1 |

3.2 Taxi Services

The company **TAXI HELLAS** offers transport services and is the official partner of the exhibition. You can contact the company at the following details, while during the operating hours of the exhibition, there will be a service point at **Lobby 1 and Lobby 2**.

TAXI HELLAS Contact Details
Tel.: +30 +30 210 6457000, 210 8014000
E-mail: calls@athens-taxi.gr

4. Parking

The exhibition centre has two car parks with a total area of 100,000 m² (see car park P1 and car park P2 on the chart).

4. Exhibition Timetable

| OPERATION | | |
| Thursday 25/09/2025 | | 10:00-20:00 |
| Friday 26/09/2025 | | 10:00-20:00 |
| Saturday 27/09/2025 | | 10:00-20:00 |
| Sunday 28/09/2025 | | 10:00-20:00 |
| DISMANTLING | | |
| Sunday 28/09/2025 | | 20:00-24:00 |
| Monday 29/09/2025 | | 08:00-18:00 |

***CAUTION! Stand construction work, such as painting, cutting, sanding, should be completed by Monday 22/09.**

On **Wednesday 24/09**, the last day of the exhibition's preparation, the exhibition center will strictly close at **20:00**.

The presence of the Exhibitor and/or contractors at the venue is only allowed at the above-mentioned dates and times.

5. Instructions for Exhibitors with structure stands

At the stands with the exhibition structure, the following are **not allowed**:

- Placing items inside the stands that exceed a height of 1.80 meters (height of the structure), except for clothing hangers.
- Nailing/gluing or supporting anything on the backs of the structure.
- Placing any decorative element or additional equipment outside the limits of the stand.

In case you need additional equipment (tables, chairs, coat racks), please contact with ROTA SA at support@rota.gr until **September 5th, 2025**.

6. Instructions for Exhibitors with Fresh type stands

At Fresh type structure stands, the following are **not allowed**:

- Placing items inside the stands that exceed a height of 1.70 meters (height of the structure), except for clothing hangers.
- Nailing/gluing or supporting anything on the backs of the structure.
- Placing any decorative element or additional equipment outside the limits of the stand.

7. Stand Construction - Instructions for Exhibitors and Constructors

- Stand constructions must not exceed 4m in height.
- Enclosed stands should include, in addition to the entrance, an emergency exit for safety reasons.
- Enclosed stands (3 or 4 surrounding walls) should include an opening of 2m every 5m for safety reasons.
- Each element that exceeds the height of 2,5m. and is visible from neighbouring or other stands should be smooth and dyed in an off-white color. This work should be concluded before painting the rest of the stand in order to avoid disturbances to the neighbouring stands.
- During the stand design stage, as regards stands located along the entrance to the hall, the walls must begin 2 m. further inwards along the facade of the stand, except for stands located at the peripheral hallway.
- Ramps for disabled access should be included in the design of the stands that have elevated floors (more than 4 cm. in height).
- The roofs of the stand must be open or perforated.
- With regard to the power supply of the stand, please see the “Power Supply” section in this manual.

The Exhibitor or the stand construction company must submit to the Organiser:

1. A signed declaration of responsibility (Template 1 at the end of this manual) confirming the technical soundness, safety, and structural adequacy of the construction.
2. For constructions between 3 and 4 meters in height, a signed declaration of responsibility by an Architect or Civil Engineer is required (Template 2 at the end of this manual).

The stand will be handed over only upon submission of the signed declaration of structural **adequacy**.

According to the regulations of the Organizer and the Exhibition Centre, the following actions are not allowed during the preparation, operation and dismantling of the exhibition:

- Construction of two-story stands.
- Sanding stands without using an effective absorbent vacuum cleaner. The sanding works will be promptly interrupted if the necessary conditions are not met.
- Using plasterboard.
- Covering fire hose reels and fire extinguishers located in the stand.
- Perforating, nailing down or dying the floor, the columns, the roof, and any other structural element.
- Placing signs, projectors, shelves, merchandise on the common use corridors outside the stand limits.
- Using lavatories or other areas, to clean paintbrushes and other objects. For those works there are special industrial washbasins in every room.
- Executing works such as cutting wood, using dye compressors, machines and materials that can cause wear or damages to the exhibition centre.
- Placing constructions, decorative material, merchandise, and the execution of preparatory works on other stands, on the walls or in the corridors of the exhibition.
- Any intervention or connection to the service networks, without the written consent of the Technical Company.
- Hanging any object from the roof and the structural elements of the rooms, or the service networks developed along the roof.

8. Stand Equipment – Technical Services

The official technical company of the exhibition centre and the exhibition is **EXPOWORK SA**. The exhibitors may directly address the technical company for the following services, and it is recommended that the orders are dispatched timely and within the designated time limit.

Obligatory EXPOWORK SA Services:

- Power Supply
- Rigging Services
- Water and drainage supply
- Telephones
- Internet

Optional EXPOWORK SA Services:

- Construction of any type of stands
- Rental of furniture
- Carpeting
- Stand cleaning
- Rental of audiovisual means
- Security

EXPOWORK SA Contact Details

Tel.: +30 210 3542 990

E-mail: sales@expowork.gr

8.1 Construction of stands of standardized structure

The technical company EXPOWORK SA offers the option of constructing stands with a basic structure for those exhibitors who wish so. This service is exclusively provided by EXPOWORK SA. In Exhibition Structure stands, the separating panels are made of melamine. Thus, they are not suitable for supporting heavy items, while they can by no means undergo lateral pressure.

Using double-face adhesive tape directly on the structure materials is prohibited, if no paper tape has been previously placed.

Perforating and painting signs and the aluminium components of the structure is not allowed.

8.2 Power Supply

For the supply of power to ground trace stands, ordering power from the technical company EXPOWORK SA is necessary (obligatory service). No intervention or direct connection to the power supply networks of the exhibition centre is permitted. All the connections and the main electrical panels are exclusively supplied by EXPOWORK SA.

As a next step, distribution from the electrical panels is carried out under the exhibitor's responsibility. Electrical works must be performed by a qualified Electrician, in accordance with the applicable laws.

Before the exhibition starts, the exhibitor must send the technical company EXPOWORK SA a copy of the license of the Electrician in charge, as well as the Solemn Declaration, signed by the latter, whereby the electrician will guarantee safe construction and operation of the installation (**Template 3** at the end of this manual).

For safety reasons, the stands' electrical panels must at all times be located in visible, easily accessible places.

Pursuant to the regulation of the Exhibition Centre, the use of LED lighting fixtures is mandatory for all the constructions and the structure stands.

ATTENTION! Should the above procedure not be observed, the stand will not be provided with a power supply.

With regard to the order for power supply, you can address the technical company of the exhibition centre by **September 5th 2025**.

8.3 Rigging

The rigging service is provided exclusively by the technical company EXPOWORK S.A. Therefore, exhibitors are not allowed to rig banners or special structures themselves.

Guidelines for Rigging Banners or Structures

Rigging banners or structures are allowed to be placed at heights ranging from 3 meters to 6 meters in Halls 2 and 3.

Additionally, the rigging banners or structures of each stand must maintain a minimum distance of 1 meter from:

- a) the perimeter of the stand,
- b) any part of the stand's construction, and
- c) building elements of the exhibition centre (columns).

It is clarified that supporting points or structural sections that touch the ground **may not** be rigged from the ceiling.

For rigging installations or special structures, please contact the exhibition's technical company, EXPOWORK S.A., by September 5th, 2025.

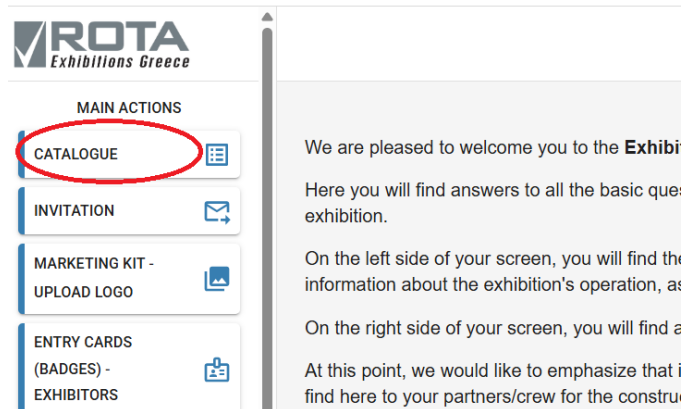

9. Exhibitor Portal

The Exhibitor Portal is an electronic platform designed for exhibitors, providing all the necessary information and useful documents related to your participation in the exhibition.

To access the portal, the login credentials and related instructions have been sent to the email address you provided when signing the private agreement.

If you have not received the credentials, please check your spam folder. Otherwise, please contact ROTA SA at support@rota.gr

9.1 Catalogue

On the Exhibitor Portal, upon logging in, you can carefully review and complete your details for the exhibition catalogue according to the instructions displayed on the right side of your screen.

The completion of the exhibition catalogue is done exclusively through the Exhibitor Portal and is recorded in digital form.

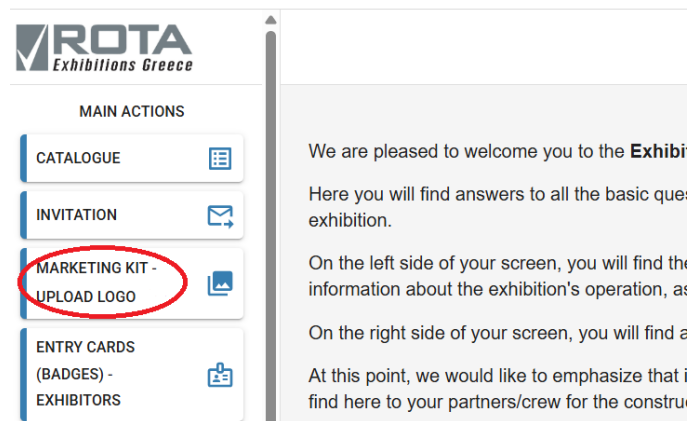

The company name you provide for the catalogue will appear in all lists where the exhibitors are mentioned.

To review your catalog details, please click the "Edit" button and then "Save".

You also have the opportunity to place a full-page advertisement for your company free of charge by uploading the file according to the specifications listed in the Exhibitors' Catalogue.

For any information, please contact **support@rota.gr**

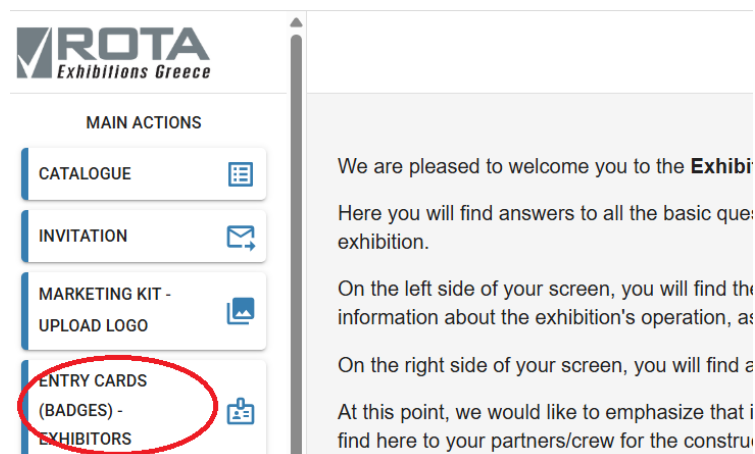

9.2 Marketing Kit

Through the Marketing Kit, you have the opportunity to upload your company **logo** for promotional purposes in JPG or PNG format at the highest possible resolution

Additionally, you will find useful promotional material to better advertise your participation in the exhibition.

9.3 Entrance of Exhibitors

To enter the exhibition, you must bear the special exhibitor's name cards for you and your staff. You can print the cards through the Exhibitor portal.

Attention!

During the exhibition, exhibitors and staff may only enter through the entrance of Lobby 1 and Lobby 2 by presenting their cards.

10. Exhibition Dismantling

The exhibition dismantling process will start on **Sunday 28th of September 2025**, i.e. the exhibition closing date, from 20:00 to 24:00, solely in the presence of the exhibitor.

The dismantling must have been completed by **Monday 29th of September 2025 by 18:00**.

11. Safety-Security

The Organizing Company, in collaboration with a security company, sees to the general surveillance of the exhibition spaces. For individual stands and exhibits, it bears no liability for any damage or theft during the exhibition preparation, operation and dismantling days. Exhibitors are the sole parties exclusively responsible for the safety and security of the merchandise.

For this reason, Exhibitors should and must take the necessary steps to insure their exhibits and merchandise against all risks.

The exhibitor bears liability for any property damage or physical injury caused by the exhibitor, or the exhibitor's staff, construction, or exhibits.

For security services the exhibitors may address the technical company of the exhibition centre, EXPOWORK SA.

12. Waste from Stand Construction

The exhibitor is exclusively responsible for the disposal and removal of the stand construction following the end of the exhibition.

The exhibitor bears the charge and the sanctions arising from non-compliance with the above regulation.

13. Cleaning

The stands are cleaned and delivered by the Organizer each day before the exhibition opens. During the exhibition, the Organizer is responsible for cleaning the common areas and emptying the waste bins within the stands. In the case of increased or special requirements, such as the use of catering services within the stands, the exhibitor is responsible for maintaining cleanliness.

Cleaning services can also be provided by the company EXPOWORK S.A.

14. Sound - music

In case there is a need for the operation of any sound production devices, musical instruments, visual or audio effects, they will exclusively apply to the area within the stand, with a maximum permissible volume of 80 decibels.

In this case, the exhibitor undertakes the responsibility to obtain the necessary license in a timely manner from the intellectual property management companies.
